CALIFORNIA DEPARTMENT OF TAX AND FEE ADMINISTRATION

People who sell merchandise in California are generally required to hold a seller's permit.

You **may not** sell at this event unless you have a seller's permit or are not required to hold a permit. You are required to have a permit if you are selling, even temporarily, new or handcrafted items or used items you purchased for the purpose of reselling to others. You are not required to hold a permit if you are only making "occasional" sales, selling products that are not taxable when sold at retail, or selling on behalf of a section 6015 retailer.

You may electronically register for a seller's permit at no cost to you by visiting our website at www.cdtfa.ca.gov. To find a California Department of Tax and Fee Administration (CDTFA) office near you, call our Customer Service Center at 1-800-400-7115 (TTY:711) or visit our website. If you obtain a temporary seller's permit, the business address on your temporary permit should be the address of the temporary selling location and the mailing address should be your permanent place of business or residence.

Occasional and Nontaxable Sales—Occasional sellers are usually people who are not required to hold a seller's permit because they will not be making a series of qualifying sales. A person who has cleared their garage of used items *accumulated for their own use* and who sells *only* those items would usually qualify as an occasional seller, provided they make sales no more than twice in a 12-month period. Some sellers who make only nontaxable sales are also not required to hold seller's permits. Examples include sellers of fresh produce or other cold food products sold "to go." Please note, however, some food sales are taxable, including sales of food for consumption in places where admission is charged.

Section 6015 Retailers—Revenue and Taxation Code section 6015 relieves certain individuals of the requirement to obtain a seller's permit when: (1) the product supplier is a CDTFA approved section 6015 retailer, (2) the product supplier reports and pays tax on the actual "retail selling price," (3) the individual is selling only those items purchased from the section 6015 retailer, and (4) the individual provides the name of the product supplier. Typical section 6015 retailers include multi-level marketing retailers that solicit sales through a network of individual salespeople/representatives (for example, Avon, Tupperware).

Verification of a seller's status is required by law. Please complete all four sections of this form. Please print.

FREQUENTLY ASKED QUESTIONS:

Do I have to be a Mexican restaurant?

- No! That's the beauty of the IE Salsa Fest – everyone makes a Salsa. It's one of the most popular condiments in America.

Can I keep a vehicle at my booth?

- No.

Can I sell food that are NOT Salsas?

- Yes, BUT, we encourage the sale of Salsa's along with other foods, after all, it is a SALSA FEST. Related items that can be sold include: Nachos; Elotes (corn on the cob); Churros and other Mexican sweet bread; Atole (Mexican cream of corn); Paletas (ice cream bars); and other desert snacks, etc.

How much should I prep for?

- Use your best judgement, we estimate 4,000 to 6,500 attendees.

Are hand-washing stations provided?

- No. Hand washing station must be provided by vendor. Please refer to city of Riverside's Temporary Food Facilities Operators Guide for additional information. Rivcoeh.org.

Are plates or utensils provided?

- No. You must provide disposable plates, napkins and utensils as needed. Remember, it's an outdoor festival, so napkins, foil, and paper towel could act as a plate.

Do I need a food health permit for the event?

- Your booth fee will include a blanket health permit.

Will the Health Department inspect my tent?

- Yes. Health inspection usually occurs approximately 1-2 hours before the event begins.

Will the Fire Department inspect my tent?

- Yes. Your fee will cover this cost.

How should my Temporary Food Facility be constructed?

Unpackaged food must be stored, prepared and held for sale inside of a fully enclosed area. Typically, this means a food booth complete with a solid roof (such as a canvas canopy) and four walls (walls can be screening of 16 mesh or finer). Screening must cover pass-through windows and other openings to minimize the entrance of insects and food contaminants. Acceptable flooring would be sealed plywood, tarps, or clean asphalt.

If all of your food and beverages are **pre-packaged**, and you do not conduct any preparation, a fully enclosed booth is not required but some form of overhead protection must be in place over all food storage areas. Contact your local Environmental Health office for details.

Note: Live animals and birds are not allowed inside or within 20 feet of the temporary food facility.

The business name must be displayed at the booth in letters that are at least 3 inches high. The name of the owner, city, state, and zip code must be displayed in letters/numbers (at least 1 inch high) at each operating location.
